## PREVENTION IS EVERYBODY'S BUSINESS

The year 1959 was fortunate from a forest fire standpoint. New Hampshire had the best record in the nation. Fewer acres were burned, suppression costs were substantially reduced and damage to woodlands held to a minimum. The record resulted from a combination of favorable weather conditions, an alert warden service and a cooperating public.

Yet, despite all this, there still persists a disturbing note

58%, or 6 out of every 10 fires in 1959 were caused by careless smokers and debris burners.

10%, or 1 out of every 9 fires was caused by children.

Careless, indifferent, thoughtless and independent minded individuals and failure of parents to properly supervise children and keep matches out of their reach, annually cause these unnecessary fires which cost large sums to extinguish and cause extensive damage. The elimination of these three causes of fires would radically change this picture. The rules are simple:

1. Before burning, secure a permit from your local forest fire warden, the law requires it.

2. Be sure to properly supervise your burning.

3. Make certain your fire is DEAD OUT before leaving it.

4. Don't throw lighted matches, cigars and cigarettes from moving vehicles—use your ash tray.

5. Don't burn at home—Use your town dump and save yourself much possible difficulty, both personal and financial.

Number of local fires	1
Number of acres burned	$\frac{1}{2}$
Number of permits issued	107

### **To the Inhabitants of the School District in the Town of Bennington qualified to vote in district affairs:**

You are hereby notified to meet at the Town Hall in said district on the 4th day of March, 1960, at eight o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the State Foundation Aid Fund together with other income; the School Board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
9. To see if the district will raise and appropriate a sum of money for the purpose of converting the school furnace from coal to oil fired or to take any other action thereon.
10. To transact any other business which may legally come before said meeting.

Given under our hands at said Bennington this 15th day of

## SUPERINTENDENT'S REPORT

To The School Board and Citizens of Bennington:

It is a pleasure for me to present my sixth annual report for your consideration.

Mrs. Ruth Cody, principal, Mrs. Vincena Powers and Miss Virginia Walsh continue their teaching assignments in the six upper grades at the Pierce School. Bennington is extremely fortunate in retaining the services of these fine staff members. We have not been so fortunate in the all important primary room. In a period of six years, we have had five teachers and that is not good for any school system.

Your Board and I have long been cognizant of the value of retaining a teacher in the primary area for a much longer period than we have been able to do. Our most important problem that we find facing us when we have been seeking a replacement for this position is the reluctance of teachers to accept a multiple class such as we have, and especially one with such a large enrollment. Of course, we shall continue to attempt to solve the problem satisfactorily, but inasmuch as it has been and appears to continue to be our most critical area, I felt that the citizenry should be warned that it may be necessary to consider a small building program before the problem can be really solved.

Tuition rates for the year 1959-60 are as follows: Peterborough \$388; Hillsboro-Deering Coop. \$350; and Antrim \$325. Rates will increase in all towns next year.

Tuition pupils registration is as follows: Peterborough 9; Hillsboro-Deering Coop. 14; and Antrim 9.

Registration at the Pierce School has had a sizable increase from 84 to 91 in September and has increased since then. September enrollments were as follows:

Grade I—14	Grade V—13
Grade II—14	Grade VI—9
Grade III—12	Grade VII—9
Grade IV—15	Grade VIII—5

It is obvious that, if all these people remain in the community and attend high school, there is bound to be a sizable increase in tuition costs.

Everyone should be extremely happy with the fine work being done by the Sawyer boys as custodians of the school.

It has been a pleasure to work with the School Board, teachers, pupils and citizens of Bennington, and I am grateful for their fine cooperation.

Respectfully submitted,  
NORMAN R. HARTFIEL  
Superintendent of Schools

## REPORT OF SCHOOL NURSE

From January 1959 to January 1960

To Mr. Norman Hartfiel, Superintendent of Schools, School Board, Teachers and Parents:

Number of pupils weighed and measured	92
Number of eyes examined	92
Number of eyes reported	7
Number of ears tested	92
Number of ears rechecked	8
Number of heads examined	92

The Lions Club have been very generous in donating a testing machine for eyes for which I wish to thank them. It has been in use several times and will be used again before Spring.

I wish to thank the Superintendent, School Board, Teachers and Parents for their cooperation in the school health program.

Respectfully submitted,

MARTHA PARKER, R.N.

School Nurse

## FIVE TOWN COOPERATIVE SCHOOL COMMITTEE REPORT

Your committee has further reviewed the cost factors relating to the Crotched Mountain Cooperative School for the five towns in the area participating in the study. At the present, your committee sees no changes in the over-all school population which would call for immediate action, since high school education for most of the towns is being adequately provided on the present basis.

A study of the school population of the entire area is being planned by your committee in conjunction with the school boards of Peterborough and Hillsboro. An attempt will be made to determine the feasibility of indefinite continuation of high school education on the present basis, or whether future building is necessary either by the individual districts or by the proposed cooperative school district.

Legislation providing more flexible distribution of costs was enacted, but this was not as liberal as proposed by your committee. It will be helpful, however, if the necessity for forming the proposed district should arise.

We therefore recommend that the districts authorize the continuance of this committee for further study and in order to take prompt action in the event conditions change from those now existing.

Respectfully submitted,  
FIVE TOWN COOPERATIVE SCHOOL COMMITTEE
